Competences

- Solid, widespread academic studies
- Postgraduate Master at Department for Bio-Psycho-Social Medicine (DU-Krems)
- Consulting experience in international matrix-project-organizations
- Counsellor with extraordinary curriculum for Integrative Therapy
- Long-term leadership and management experience with high responsibility
- Profound mix of realistic and visionary management-work
- High capacity to work under pressure
- Ability to adopt to all-new-topics and fields
- Always looking for new challenges

Professional Career

Since 1999: Self-employed (1999-2002 part-time, full-time since 2002)

Main fields:

- Health sector (including outpatient and extramural units)
- Automotive engineering and industry
- Universities and polytechnics
- GOs and NGOS

Issues:

- Organization & strategic development
- Leadership- and team development
- Crises management
- Coaching and training (PD&T)

2000 – 2002: Fundraising Manager “Austrian Cancer Aid Styria” (part-time)

Responsible for the sponsoring activities, especially raising new enterprise cooperation

1996 – 2002: Counselor for drug addicted people “BAS” (part-time)

Writing and testing of new concepts for group-therapy-work with abstinent and actual alcoholics; counselling people with all kinds of addictions; counselling relatives of addicted people; responsible for public relations in my region of deployment; making diagnoses along ICD 10.

1995 – 1998: NGO-Network “Styrian Platform of Social Initiatives” steering committee member (honorary)

This platform was engaged in putting up the claims of the clients and the NGOs that worked with diverse client-groups (from homeless to addicted people, from women's-initiatives to alternative education-facilities and more) as vis-à-vis to the public and responsible politicians. The steering committee was responsible for all negotiations of the network with politicians as well as PR and media-relations.

1990 – 1995: Founder and board member of the NGO “MODELLO” (honorary)

In 1990 I conceived this NGO for unemployed female sewers. I assembled a team of young unemployed women who had the competence and the energy to build up this NGO together with me. After a while they were paid for their job. I did all my tasks – including heavy management work – honorarily until a new board overtook in 1995.

1988 – 1998: Director – and former project manager - of the NGO “PASCH” (full-time)

Being the responsible manager for all management issues from Finance to HR (including recruiting), from PR to SCM, and from Fundraising to media-relations; first all alone, later together with my deputy. I started with this NGO from the very first idea and was responsible for all the concepts and services that were put up in my period. I was the leader of a team of 12 professionals in the fields of psychology, pedagogics and counselling.
